Good morning Margret,

The Imperial Point Association, Inc. is a volunteer civic association, so you should not need an approval letter from us for the proposed project. Although we very much appreciate the advance notice.

We do have a few questions:

- Could you provide us with a map of the area to be affected?
- Since all of our utilities are currently above ground and generally behind the residences, are the new underground facilities to be placed in the right-of-ways? If so, how will the connections be made to the homes? Will driveways, sidewalks, and landscaping need to be torn up and restored?

Thanks in advance for keeping us in the loop.

*Donna West*
